REASONS FOR ALLOWANCE

1. Claims 1, 4-5, 7-8 and 13-14 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(b), claims 6, 9-12 and 15 directed to the process of making or using the allowable product, previously withdrawn from consideration as a result of a restriction requirement, claims 6, 9-12 and 15 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because a claimed invention previously withdrawn from consideration under 37 CFR 1.142 has been rejoined, the restriction requirement of groups II-V as set forth in the Office action mailed on December 15, 2006 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

2. The following is an examiner's statement of reasons for allowance for Claims 1 and 4-15: the prior art does not disclose or suggest a coordinate measuring device having a probe for contacting an object to be measured and associated method for measuring the position of an object, including wherein a supporting element and a connection element are positioned substantially adjacent to and parallel with each other without touching each other and wherein

Art Unit: 2859

said connection element is longer than said supporting element so that said supporting element does not contact a detection member in combination with the remaining limitations of the claims.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
